

United States Department of State

Washington, D.C. 20520

MAY 19 2004

Dear Mr. Speaker:

Pursuant to Section 36(c) and (d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense articles or defense services in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export of defense services, technical data and defense articles to Canada to support the manufacture of the Micro Silicon Coriolis Inertial Rate and Acceleration Sensor ( $\mu$ SCIRAS) Micro Electromechanical System and TruGuide Inertial Measurement Units (IMUs) for sales in the United States to support various military weapon systems.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Paul V. Kelly  
Assistant Secretary  
Legislative Affairs

Enclosure:

Transmittal No. DDTC 027-04

The Honorable

J. Dennis Hastert,

Speaker of the House of Representatives.
